

HOODOO 500 STAGE RACE OFFICIAL RULES AND REGULATIONS (Updated September 7, 2023)

Attention Riders & Crew: You are responsible for reading and knowing the Rules. The sole purpose of Rules is to strive for safety (although road cycling is inherently dangerous), ensure competitive fairness and to comply with various permit requirements. Rule violations may result in time penalties or disqualification. Automatic DQ offenses are noted below.

GENERAL RULES

- A. We trust that every Hoodoo entrant and crew member understands that the consequences for breaking or even bending a rule is less a measure of time (even if you get a penalty) than a measure of personal integrity. So, the #1 rule is: Don't be a jerk. That covers a lot. Everything below is important enough to put in writing. For anything else that comes up, we will attempt our best to do what is right and what is fair.
- B. This paragraph is required by UDOT: Hoodoo 500 is a "rules of the road" event. Riders must be familiar with and obey the law. Under Utah law, a bicycle is considered a vehicle and with same rights and responsibilities as an operator of a motor vehicle. This includes obeying traffic signals, stop and yield signs, and all other traffic control devices; yielding to pedestrians in crosswalks; stopping for school buses with flashing red lights; and pulling over and stopping for any emergency vehicles (police, fire, ambulance or other). Bicyclists must ride as far to the right as practical except when passing another bicycle or vehicle, preparing to turn left, going through an intersection past a right-turn-only lane, or avoiding unsafe conditions on the right-hand edge of the roadway. Please familiarize yourself with all Additional Rules of the Road, here: <https://www.bikeutah.org/bicyclelaws>. Any violation of State law will result in a 1-hour penalty and a warning that the next time will be a DQ.
- C. All riders and crew must download from the Hoodoo website and bring with them to check-in **all** applicable required documentation, filled out and signed.
- D. Attendance at Check-In (3-5pm Thursday) and the Event Meeting (5:15pm Thursday) is **mandatory** for all racers, and at least one crew member.
- E. No animals other than ADA defined service dogs are permitted at rider check-in, at the pre-race meeting, at any Time Station or in any hotel room along the route, or at the post-event breakfast.
- F. To be an Official Finisher, entrants in all divisions must complete the course by 10pm MDT on Sunday with a total combined time of 48 hours or less for all three stages.
- G. The clock will not stop for any reason.
- H. The rider or team in each division with the fastest total time (including penalties) is the winner. *Note:* Finish times are rounded down *to the minute*. Sprint finishes are discouraged. In the event of a tie, the most senior rider or the team with the highest combined age will be the winner.
- I. Awards are presented to winners in each division with 3 or more competitors/teams. Awards are presented to top 3 in each division with 5 or more competitors.

J. If the overall winner in any division is also the 50+ or 60+ winner, there is no age group winner. Same holds true for records. If a 50+ or 60+ time is faster than the previous overall time, that time becomes the record. If the overall winner is female, there is no male winner.

BICYCLE REGULATIONS

- A. Bicycles must be propelled solely by human force.
- B. Any number of bicycles may be used during the event. However, in the fixed gear division, all bicycles must be of the same gearing; and in the recumbent division, the rider must ride only a recumbent bicycle.
- C. All bicycles must be equipped with a functioning braking system on both wheels. A fixed-gear bicycle drivetrain is not considered a braking system. -DQ
- D. All bicycles must have at least one taillight which is ON at all times.

RIDER RULES
